Learning Programming
Data Analysis

WORK EXPERIENCE

Junior Developer
Intuit Inc | Sept 2020 - Present

- Built utility software for internal use with **PowerShell**, **C#**, **Python** and **WinForms** for internal use that helped improve team workflow and productivity by over 40%.
- **Onboarded new hires** to QA roles and focused on meticulous documentation for training.
- Experience with **GitHub**, **Rest API** tools and **Proprietary IDEs** to implement code changes in **C#**, **Python**, **HTML** and **CSS**. Used services like **Jenkins** and **Splunk** to troubleshoot software payload errors.
- **Conceptualized** and **took lead** on **multiple internal tools** and IDEs for easier and more efficient code changes by non-developer staff. Focused on **UI design** principals to improve the look and feel of the tools.

Tax Content Analyst
Intuit Inc | Aug 2019 - Aug 2020

- Development of Tax software suite including **ProFile**, **ProTax** and **TurboTax** to update Income Tax software content.
- **Researched tax laws** and Tax form updates and implemented the calculation of algorithms within the tax software suite.
- Significant **QA experience** with tax filing software Intuit ProFile and ProTax with a focus on SLDC based workflow.
- Worked with developers to create ProTax from the ground up, **Identifying bugs**, **payload errors** and validating tax forms for accuracy.
- Was responsible for developing over 350 T1 tax forms and PDFs on ProTax's web platform; **exceeded expectation** by completing a record number of forms each tax season.
- **Recognized** for having **self-initiated projects** that improved workflow and output quality within the team by over **40%**.

Tax Associate
University of Toronto | Jan 2018 - Apr 2020

- **Prepared tax returns** on personal income for various tax brackets and tax categories like low-income individuals, students, mature students and common-law partners. Responsible for completing assignments within established deadlines and free of significant errors.
- Applied standard practices and procedures to implement basic tax product changes. Responsible for **year-end payroll reporting**, **rental income**, **investments**, **education and related activities**.
- **Liaised with CRA** to provide clients with excellent service, explaining federal and provincial tax regulations and advising on tax and financial matters.
- Filed taxes for **30-60** Individuals per tax season; **recognized** for providing excellent service to clients.

Instructional assistant
University of Toronto | Sept 2016 - Aug 2019

- Taught university level **Accounting**, **Stats** and **Operations Management** courses to university students. **Received commendations** from students and supervisors for **proactiveness, engagement** and **dedication**.
- Monitored and facilitated student learning using lesson plans; prepared, assigned and graded term papers and assignments for multiple courses in line with regulations from the university standards.
- **Courses taught**: Introduction to business, Managerial Accounting, Financial accounting, Decision Analysis, Business information systems, Operations management and Statistics.
